NUMBER 32

JUDYS' CLEVER WORK.

As a result of some clever detective work on the part of Jailer George Judy, the notorious negro Herbert Gatewood, formerly of Mt. Sterling, was arrested at Maysville and brought here by Chief of Police H. A. Ort, of that city, yesterday. Last summer Gatewood came here and tried to clean up with some Claysville negroes. In a running fight down Main Street Gatewood fired several random shots, a number of persons making narrow escapes. He was finally run down by the officers and landed in jail, receiving \$25 fine and thirty days on two different charges. In October he made his escape from guard Savage and in November was apprehended at Mt. Sterling and arrested by Chief of Police Chas. Wils. n. of that place. He was brought back and in Judge Smith's Court was assessed an additional heavy fine. He again after a few weeks of jail duty made his escape, this time severing the heavy iron chain with which he was manacled. Guard Savage fired several shots at the fleeing negro and nothing was heard of him until yesterday morning.

When Gatewood made his last escape Jailer Judy remembering that he corresponded with a woman at Maysville sent one of the letters to the authorities there, who after locating the woman kept close watch on the premises with the result that Gatewood walked into the trap. He will be tried before Judge Dundon and if the limit of ten times the former penalty is meted out, he will do service for the county for something more than two years.

The action Monday of the Republican County Committee in summarily reading J. D. McClintock out of the party, has renewed and intensified the factional feeling existing in the Republican ranks in this county. Mr. McClintock, as a citizen of Paris, is inseparably connected with her business interests, and has proven himself in many ways a business man of sterling integrity. As a politician, and as such Mr. McClintock has always been known to us; as a Republican, we can not vouch. We have no desire to become acquainted with the difference of Bourbon county Republicans, the settlement and adjustment of which they alone can settle. It seems to us, however, looking at the matter from a Democratic standpoint, that the struggle now going on and which has been brewing for half a generation in the Republican party organization of this county is one, the object and aim of which is to control federal patronage, and not based upon the high conception for the control or betterment of existing conditions as regards self government in this county.

Home-Coming week in Louisville in June will bring back to Kentucky many thousands of her native citizens, now residents of other states. Doubtless many of these were natives of this county, or residents here at the time of their departure for the boundless West. They will no doubt, after enjoying the festivities at Louisville come back to the county of their boyhood days. What preparation has been made to receive them? Who will extend the welcome hand of friendship? Other counties, in fact, nearly every county in the State, has perfected an organization to ascertain how many will come to their respective localities and have made arrangements to entertain them. Would it not be fitting for this proud old county of Bourbon to do likewise? Some sort of a manifestation of our appreciation of their home coming should be made as the time is growing near. Who will take the initiative? The ladies of course!

**PITY THE POOR ORPHAN.**

Prodigal as the Rothschilds were and they nearly all have had one trait in common. They will give \$5,000 without a moment's hesitation, they will not be fleeced of a dime after half an hour discussion. There is a very amusing story in connection with this trait relating to Leopold de Rothchild's father. The son was in the habit of taking the same cab every morning from Picadilly to St. Swithin's lane, and always gave the Jehu half a crown. One morning when the son was away the siren hailed the conveyance, and at the end of the journey gave the driver a florin, a coin of less value than a half crown. Cabby looked at the coin wistfully. "What's wrong?" asked the old man. "Nothing sir," was the reply, "but Mr. Leopold always gives me half a crown." I don't wonder at it. Mr. Leopold is a spendthrift, but he can afford it; he has a rich father. I am an orphan, and can't."

**Free Reclining Chair Cars.**

The Southern Railway has inaugurated free reclining chair car service between Louisville and Evansville on their fast through trains leaving Louisville at 7:30 a. m. and 5 p. m. daily, and running solid to Evansville, without change. This line also operates free reclining chair cars on night Lexington and Danville to St. Louis, also Pullman Sleeper through from Danville to St. Louis. The Southern Railway is 23 miles the shortest from Louisville to Nashville and forty-three miles the shortest to St. Louis. If

**NEGRO COLONY FOR MEXICO.**

D. F. Whittaker president of an emigration company has purchased 85 square miles of land in the Southern part of the state of Tamaulipas, Mex., where he proposes to establish an exclusive negro colony. This plot will be divided into 40-acre farms and sold to the negroes on easy terms. Whittaker claims that he will move 10,000 negroes into Mexico from the Southern States before this fall. Cotton and other products, with which the negro is familiar, will be grown. The warm climate is peculiarly suited to them. The Mexican government is encouraging the scheme.

**OFFICERS SHOT FROM AMBUSH.**

Deputy Sheriff Smith was instantly killed, and Robert McCabe, a constable, was mortally wounded, while going to arrest one Haycock, who lived near Paoli, Ind. John Elrod accused Haycock, who formerly lived in Orange county, Ky., of stealing his corn. Elrod hid behind the crib and when Haycock appeared, he accused him of robbery. Haycock then shot him through the arm. When the two officers, armed with warrants, were within a few yards of Haycock's home, they were fired upon from ambush.

**WHICH ONE WAS KEPT.**

There were two little kittens, a black and a gray, And grandmamma said with a frown, "It will never do to keep them both, The black one we'd better drown." "Don't cry, my dear," to tiny Bess, "One kitten's enough to keep; Now run to nurse, for 'tis growing late, And time you were fast asleep." The morrow dawned, and rosy and sweet Came little Bess from her nap; The nurse said, "Go into mamma's room And look in grandma's lap."

"Come here" said grand mamma, with a smile, From the rocking chair where she sat; "God has sent you two little sisters, Now, what do you think of that?"

Bess looked at the babies a moment, With their wee heads, yellow and brown,

And then to grandmamma soberly said, "Which one are you going to drown?" — Lillian Street, in Ideal Home.

**BRAZILIAN TREASURE FOUND.**

The director of the treasury of Roi de Janeiro, Brazil, while hunting for some lost papers, has made an astonishing discovery. A box which had not apparently been disturbed for many years was found to contain gold, silver and diamonds to the value of at least \$700,000. Among the valuables recovered was the imperial crown and sceptre of Brazil, valued at \$100,000, and the imperial mantle bordered with gold. The box in which the treasure was found is believed to have been deposited in the treasury since 1836.

For several years he was a partner of Mr. M. H. Currents and run the blacksmith shop on the Maysville Pike North of town. A few years ago he moved to Midway, but did not remain there but one year. On his return he built a blacksmith shop on Main street near the bridge, where he has carried on his business ever since.

Their violins, all of the Stardivari model, are from 105 to 191 years old, of wonderful volume, brilliancy and purity of tone. These old men play the old-time favorites with three full parts, air, tenor and bass. Some of these airs

### Eminent Doctors Praise its Ingredients.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias Dioica*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator \* \* \* makes for normal activity of the entire reproductive system." He continues "in this country we have a medical man who may fully answer all my purposes than any other drug with which I am acquainted." In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for the use of unicorn root: uterine debility (uterine debility), dysmenorrhea (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs and anæmic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions \* \* \* and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is generally regarded as the tonic useful in all debilitated states."

Prof. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhea (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

The reception given by the senior class of M. M. I. Friday evening was a brilliant success. The weather was soft and balmy, the moon bright, the house brilliantly illuminated, the decorations artistic, the costumes handsome, the girls beautiful, the men gallant, the lunch bountiful and dainty, the music on the handsome piano furnished by the Auto-Grat Piano Co., with the Simplex attachment, manipulated by F. Joseph Volz, was inspiring. About four hundred guests were present and to say that all were well pleased is putting it mildly.

### NEW GOVERNMENT BUILDING.

Telegraphic dispatches from Washington Friday told of the action of the Committee on Public Buildings in allowing an appropriation for a government building at this place. The Lexington Leader Friday afternoon in a column article laments over the fact that Paris gets an appropriation and that Lexington is left out in the cold. In the name of justice and common sense, what is it that Lexington does not want? Have you not had your share? Cease acting the baby and let some of your prosperous neighboring towns have a morsel of public favor. The Leader in the following notice of the matter charges Congressman South Trimble with political selfishness in securing the appropriation. The Leader says: "Representative South Trimble has made hard fight for a Government building at Paris, and has won out, the proposed bill containing a provision for a new postoffice at the Bourbon county seat. This fight practically disposes of Lexington's chances for an enlargement, as it is generally understood that no district shall have two appropriations at the same session unless it has an extraordinary claim of strong pull. Mr. Trimble formally endorsed the Lexington extension, but in view of his Congressional aspirations and the certainty that he could hope for nothing from Fayette county, he was naturally more interested in securing a building for Paris." A telegram from Washington states the committee hearings have closed and the bill for Paris' appropriation will be reported and passed by April 15.

### STOCK AND CROP.

—R. L. Whaley purchased of Mann & Clark a pair of six-year-old mules for \$425. They are to be used by the Standard Oil Co., at Cynthiana.

Fat Colorado and other Western lambs at present are selling over \$1.00 lower than a year ago, while best sheep are nearly 50 cents higher than a year ago. Notwithstanding the comparatively low price for fat lambs, feeders at present are paying within 30 and 50 cents of values current one year ago for feeding stock, showing they had some confidence in the future market of fat stock.—Chicago Drovers' Journal.

## PARIS DEALERS CAUGHT.

A few days ago two brothers by the name of Albert and Carley Mitchell, claiming to reside near Lexington, were in town and representing themselves to be farmers, offered what they claimed was country butter for sale to several Paris merchants. They worked a number of them for good amounts until suspicion was aroused when the revenue authorities were notified, which resulted in their arrest. The case was worked up by Deputy United States Collectors Herndon and Insko and the arrest was made here Friday by United States Deputy Marshall I. N. McDaniels. The two men were taken to Lexington where their examining trials were held Saturday before United States Commissioner S. S. Yantis at his office in the Trust Company building. After the testimony each was held to the Federal grand jury, which meets at Frankfort in September. The bail of each was fixed at \$500 and W. C. Hobbs signed the bail bonds.

## GRASPING GREED.

Yesterday being county court day at Lexington, a conference, called by the Leader "a mass convention" was held at the court house to perfect plans to secure the construction of an interurban road from Lexington, through Clintonville to North Middletown, this county. Besides the promoters at Lexington, who are reaching out for everything in sight, there were a few citizens from this county present to see just what kind of a gold brick proposition was to be offered. Charlton Lowe and Ed Rice represented North Middletown and Esquire Letch Weathers, Clintonville. No one can censure the citizens of North Middletown from desiring the advantages of rapid transportation. What evidence exists that the recent surveys for a road from Paris through North Middletown to Mt. Sterling will not be successful and the road built. We think it little for Lexington to come forward in an effort to capture this line of road.

The survey from Paris to Mt. Sterling has been made, the route is a feasible one, and at this late moment Lexington with her usual tendencies is trying to head us off. But will she succeed?

## OOD SHOWING.

## ✓ SERIOUSLY INJURED.

A telegram from St. Louis late Saturday afternoon to the parents of the injured man, Mr. and Mrs. D. T. Wilson, announced the serious injury of their son, James Thomas Wilson. He was employed in the Union Freight depot at St. Louis and in some manner was caught between two moving cars.

Another message Sunday morning stated he was unconscious with no hope of recovery. His father then telephoned the boy's uncle, J. Simms Wilson, who was at French Lick Springs to hurry to the bedside of his nephew. Yesterday a telegram from Mr. Wilson stated that there was an improvement in his condition, that no bones were broken, and if not seriously injured internally there was an even chance for his recovery.

## PARDONED.

Will Stevenson, colored, who was sentenced to three years in the penitentiary at the last term of court, for bigamy, was pardoned Friday by Gov. Beckham. Stevenson is an old negro man, being 65 years of age. His first wife deserted him and left the state. After a number of years had elapsed and believing her dead, Stevenson married again. His first spouse returned to Kentucky, and hearing of his re-marriage, had him arrested with above result. Judge Stout, Commonwealth's Attorney Franklin, and the court house officials asked for the pardon. Stevenson walked out of the jail a free man Friday afternoon.

## The Better Way

The tissues of the throat are inflamed and irritated; you cough, and there is more irritation—more coughing. You take a cough mixture and it eases the irritation—for a while. You take

## SCOTT'S EMULSION

and it cures the cold. That's what is necessary. It soothes the throat because it reduces the irritation; cures the cold because it drives out the inflammation; builds up the weakened tissues because it nourishes them back to their natural strength. That's how Scott's Emulsion deals with a sore throat, a cough, a cold, or bronchitis.

Bourbon Wilkes, sire of six in 2:10 list.

Lark, dam of six in 2:20 list and eleven in 2:30 list, and first only mare with such a distinction.

In a table of all the great brood mares published, Lark, the dam of Sunland Bourbon, was the only one with six in 2:20 and eleven in 2:30 list. Think of it!

When you consider breeding, individuality, and the kind of colts he gets, Sunland Bourbon's fee is lower than any stallion we know of.

If you want a fine team, a good road horse, a high actor, all having speed breed your mare to Sunland Bourbon. It is well-known he gets the above kind. Sunland Bourbon made quite a reputation last year as a great road horse, and those who saw him go now know that his record is no measure of his speed.

INDIAN GRAVES ROBBED.

Indians in the neighborhood of Ororono, Idaho, are much excited over the robbing of two graves. The body of Potlatch Fanny, the most notorious squaw of the tribe has disappeared from its resting place under the pine needles. The other grave robbed is that of Missoula Bill, who is buried near Lenore. It is believed the first grave was robbed last fall and the pine needles were burned to cover up wheel tracks.

Baking powders made from alum, phosphates and other harsh, caustic acids are lower in price, but they are injurious to the stomach.

"The injurious effect of alum on the mucous coat of the stomach is positive and beyond dispute; it is both an irritant and an astringent. The use of alum in any article of food or article used in the preparation of food should be prohibited."

### IMPORT CHINESE PIGTAILS.

The importation of Chinese pigtails which are imported into Europe in packages of 1,000 pounds each, was recently the subject of court proceedings in England. A laborer who was employed in preparing camel's hair, cheap foreign wool and human hair, had been taken sick with fatal inflammation of the spleen. To fix the cause it was ascertained that the pigtails after being cut off the heads of Chinamen, were at once be raided and packed. The possibility exists that the hair comes from the head of a Chinaman who has suffered from the plague or some other contagious disease.

### OLD RELIC.

While walking over the historic old Blue Licks battlefield, near Blue Licks Springs, in Nicholas county, Robert Abney found a watch embedded in the leaves and soil, where it had evidently lain for many years. Expert watchmakers who have examined the timepiece say they are positive that there has not been a watch of similar pattern manufactured in the past one hundred and fifty years. The old timepiece is in excellent condition and registers time accurately. The watch is of English make. It is thought likely that it was lost by some visitor to the springs.

: THE FAIR :

**The Fair      The Fair**  
**Standards that Never  
Waver.**

The Fair's business standards never waver, Year in and year out we stick doggedly to the principle of an honest value at an honest price. Handling, as we do, thousands of small articles, we have to be eternally vigilant on the score of quality and goodness. We have to study hard and work hard to get the right things in and keep the wrong things out. But to the care and pains with which this is done we attribute no small part of our success. It is easy enough to sell at low prices if you sell trashy, good-for-nothing things. But 'tis a very different achievement to sell good and worthy things at the low prices we constantly quote.

**Replenishing Time  
In Tableware.**

This is the time of the year when housewives are most apt to replenish their stock of Tableware. When Spring cleaning is on, and closets and China cupboards undergo thorough inspection, one is apt to find quite a good many tableware needs that otherwise would have escaped notice. For dishes will break and crack, even in the best regulated households. Come to The Fair and every gap in your table service can be filled most highly to your satisfaction in every particular. The variety of choice in China and Glassware of every kind was never better the patterns and styles are all of the kind that tasteful women will command; and certainly no one could find fault with the prices.
